Index to Volume 3

Title entries have initial capitals; subject entries are in lower case.

Altman, Isidore (book review), 156
American Hospital Association Annual Meeting (Briefings), 239
American Public Health Association Annual Meeting (Briefings), 331
Anderson, Odin W. (book review), 65

Barnoon, Shlomo, 272
bed allocation, simulation, 119
Bithell, John F., 174

Capital Financing: A Plea for Research, 267
case severity, hospital death rates adjusted for, 96
clinics, drug prescribing in, 142
  indexes of performance (Briefings), 334
  statistical methods (Briefings), 336
  waiting time, 286
clinic utilization, outpatient drug prescribing related to, 142
community, health services and (Briefings), 247, 333
computer simulation, of bed allocation policy, 119
  of hospital scheduling system, 130
  of operating room system, 272
Computer Simulation of Hospital Patient Scheduling Systems, 130
A Conceptual Framework for Hospital Administrative Decision Systems, 79
Connors, Edward J., 267
continuity of pediatric care (Briefings), 334
continuous health survey (Briefings), 336
Convention, AHA, 239
  APHA, 331
costs, medical care (Briefings), 335
Custom and Practice in Medical Care: A Comparative Study of Two Hospitals in Arbroath, Scotland, U.K. and Waterville, Maine, U.S.A., by J. Simpson et al. (book review by Frederick N. Elliott), 155

Davis, Louis E., 130
A Decade of Health Services, by Andersen and Anderson (book review by Isidore Altman), 156
decision systems, hospital administrative, 79
demand for hospital resources, prediction, 185
The Demonstration and Evaluation of an Experimental Medication System, by Kenneth N. Barker (book review by William W. Tester), 338
Determinants of Medical Care Utilization, 296
De Visé, Pierre (Viewpoints), 166
Devlin, H. Brendan, 174
discharge, prediction of, 174
discharge planning, for mental patients, 35
drug distribution system (book review), 338
drug prescribing, related to clinic utilization, 142

Earickson, Robert, 224
Economic Aspects of Health Services (Briefings), 334
Eller, J. C., 119
Elliott, Frederick N. (book review), 155
Evaluating Bed Allocation Policy with Computer Simulation, 119
Evaluation of a Family Care Program for Released Mental Patients, 35

Factors Affecting Waiting Time in Ambulatory Care Services, 286
family care, for released mental patients, 35
future health facility requirements, 3

Gentry, John T., 316
Glasser, Jay H., 316
Goldman, Jay, 119
Green, Charles S., III, 35
Greenlick, Merwyn R., 296
group practice, effects of Medicare on (Briefings), 335
Gustafson, David H., 12

health manpower (book review), 65
  (Briefings), 246
  job classification scheme, 48
Health Planning: Its Past and Potential, by J. Joel May (book review by Steven Sieverts), 251
Health Services and the Community (Briefings), 247
Health Services Research at the AHA Annual Meeting (Briefings), 239
Health Services Research at the APHA Convention (Briefings), 331

Health Services Research Centers (Briefings), 239, 336
health visiting (book review), 341
Hopkins, Carl E., 96
Horvath, William J., 3
hospital planning, regional, 166
hospital quality index, 96
hospital scheduling system, simulation, 130
Hurtado, Arnold V., 296

Information Systems (Briefings), 241
Innovation in Health Care Organizations: Review of Research and Plan of Projected Studies, 316

A Job Classification Scheme for Health Manpower, 48
Johnson, Walter L., 286

Kaluzny, Arnold D., 316
Knappenberger, H. Allan, 119

length of stay, prediction of, 12, 174, 185

Madden, Edward E., Jr. (book review), 256
manpower (book review), 65
(Briefings), 246
job classification scheme, 48
Markov model (Briefings), 335
May, J. Joel (Feedback), 327
medical care, costs (Briefings), 336
utilization, 296
Medicare, economic effects (Briefings), 334
medication system (book review), 338
mental health services, decentralization (Briefings), 334
Methods and Concepts of an Interdisciplinary Regional Hospital Study, 166
A Model for Predicting Recovery Progress of Coronary Patients, 185
monitoring, of family planning program (Briefings), 336
of neighborhood health program (Briefings), 336
of patient care (Briefings), 336
Morrill, Richard L., 224
Moustafa, A. Taher, 96
Muller, Charlotte, 142

Need for Estimating the Influence of Technological and Social Changes on Future Health Facility Requirements, 3
Neighborhood Health Centers (Briefings), 249, 332, 336

operating room scheduling, 272
operations research (Briefings), 335
Organization of Health Services (Briefings), 334
Outpatient Drug Prescribing Related to Clinic Utilization in Four New York City Hospitals, 142

Parker, Rodger D., 214
planning (book review), 251
(Briefings), 243
(Feedback), 327
health and census information for (Briefings), 335
influence of technological and social changes, 3
Markov model for (Briefings), 335
regional hospital, 166
Planning: Mainstreams and Eddies, 327
the poor, involvement in health programs (Briefings), 333
urban hospitals and (Briefings), 248
Pope, Clyde R., 296
prediction, of demand for hospital resources, 185
of discharge, 174
of length of stay, 12, 174
of recovery progress, 185
Prediction of Discharge of Inpatients, 174
price index, medical care (Briefings), 335
The Principles and Practice of Health Visiting, by Hale, Loveland, and Owen (book review by Iris R. Shannon), 341
A Proposed Hospital Quality Index: Hospital Death Rates Adjusted for Case Severity, 96

quality, measures of (Briefings), 333
quality index, hospital, 96

recovery progress, prediction of, 185
regional hospital planning, 166
Report of the National Advisory Commission on Health Manpower (book review by Odin W. Anderson), 65
Research Methods and Tools (Briefings), 335
Robinson, Gordon H., 130
Roemer, Milton I., 96
Rosenfeld, Leonard S., 286

Saward, Ernest W., 296
scheduling, of hospital patients, 130
of operating rooms, 272
and prediction of discharge, 174
Scheduling a Multiple Operating Room System: A Simulation Approach, 272
Shannon, Iris R. (book review), 341
Sieverts, Steven (book review), 251
simulation, of bed allocation policies, 119
of hospital scheduling system, 130
of operating room system, 272

statistical methods (Briefings), 336
A Study of Patient Care Involving a Unit Dose System, by William W. Tester (book review by Edward E. Madden Jr.), 256
systems analysis (Briefings), 335

Tester, William W. (book review), 338
Thomas, Warren H., 185

unit dose medication system (book review), 338
The Urban Hospital and the Poor (Briefings), 248
utilization, by adolescents (Briefings), 332
by aged and chronically ill (Briefings), 332
clinic, 142
dental care (Briefings), 332
emergency department (Briefings), 332
hospital (Briefings), 332
medical care, 296, (Briefings) 331
in various health service systems (Briefings), 332

Variation in the Character and Use of Chicago Area Hospitals, 224
Variation of the Occupancy of Two Medical Units with the Amount of Sharing Between the Units, 214

waiting time, clinic, 286
Weiss, Jeffrey H., 48
Wing, Paul, 130
Wolfe, Harvey, 272

Yoshioka, Samuel S., 296
Young, John P. (Viewpoints), 79
